PROFESSIONAL SUMMARY

Frontend Developer and UI/UX enthusiast pursuing B.E. in Computer Engineering with hands-on industry internship experience. Skilled in building responsive, scalable, and user-centered web interfaces. Strong understanding of component-based architecture, modern design systems, and clean frontend implementation. Focused on performance, accessibility, and structured UI development.

TECHNICAL SKILLS

- **Languages:** HTML5, CSS3, JavaScript (ES6+)
- **Frameworks/Libraries:** React.js
- **UI/UX Tools:** Figma (Wireframing, Prototyping, Design Systems)
- **Styling:** Responsive Design, Flexbox, CSS Grid
- **Core Concepts:** Component Architecture, API Integration, Accessibility, Performance Optimization

KEY PROJECTS

- **SmartSplit**

Developed an AI-assisted group expense and bill-splitting web app featuring automated transaction categorization and real-time split calculations.

Integrated a simulated UPI payment gateway paired with dynamic, meme-based payment reminders to drive user engagement.

Built a highly interactive, Galactic-themed frontend architecture utilizing React 19, Tailwind CSS, Shadcn UI, and Framer Motion.
- **Festo**

Architected a full-stack campus operations platform featuring secure, role-based dashboards for students and staff using Next.js and MongoDB.

Built a responsive, scalable interface with Tailwind CSS and Auth.js, successfully replacing manual spreadsheet tracking for large-scale student events.
- **Neuroscan AI**

Developed a deep learning framework utilizing Python and ResNet-18 to accurately classify Alzheimer's disease stages from MRI scans.

Designed a seamless user interface for rapid image uploading, real-time MRI analysis, and structured prediction display.

INTERNSHIP EXPERIENCE

- **SLRTCE** Mumbai, India
Web Developer Intern June 2024

- Frontend Development: Developed production-ready frontend interfaces.
- API Integration: Collaborated with backend teams for seamless API integration.
- UI/UX Optimization: Improved UI responsiveness and overall layout consistency.
- **Compozents** Remote
Web Developer Intern *Dec, 2024 – Jan, 2025*
 - Component Architecture: Built reusable frontend components for internal web systems.
 - Usability Enhancements: Assisted in UI restructuring to provide better usability.
 - Quality Assurance: Worked on performance and cross-browser testing to ensure stability.
- **Techstudio** Hybrid
Frontend Developer Intern *Jan, 2026 – April, 2026*
 - Frontend Architecture: Contributed to frontend architecture for various client-based projects.
 - UI/UX Implementation: Participated in UI/UX design discussions and translated them into functional interfaces.
 - Code Quality: Followed strict clean coding standards and maintained structured file organization.

EDUCATION

Shree L.R. Tiwari College of Engineering

Bachelor of Engineering (B.E.) in Computer Engineering

Thakur College of Science and Commerce

Higher Secondary Certificate (H.S.C.)

Sardar Vallabhbhai Patel School

Secondary School Certificate (S.S.C.)

ADDITIONAL INFORMATION

- Languages: Hindi, English, Intermediate French
- Strong communication, structured thinking, and UI attention to detail
